Tools & Training

The Tools & Training section of Agrilinks contains a set of recommended online courses and other useful resources that enhance knowledge and skills for students and development practitioners.

Gender Integration Framework (GIF) 101

This course is designed to provide participants with a foundational knowledge of the Gender Integration Framework (GIF) and offer initial practice in using it in their specific context.

Feed The Future Performance Monitoring - Skills Development Course

Performance monitoring is critical for planning, managing and documenting Feed the Future project success.

An Introduction to Resilience at USAID and Beyond

Chronic poverty and recurrent shocks—like droughts, floods, and conflict—are driving many of the same communities into crisis year after year.

Logical Framework Analysis for USAID Projects

The Logical Framework has proven extremely valuable for project design, implementation, monitoring, and evaluation.
