

PY Amakom Veterinary Services

FOOD FOR PROGRESS (FFPr)

*Learning
Event*

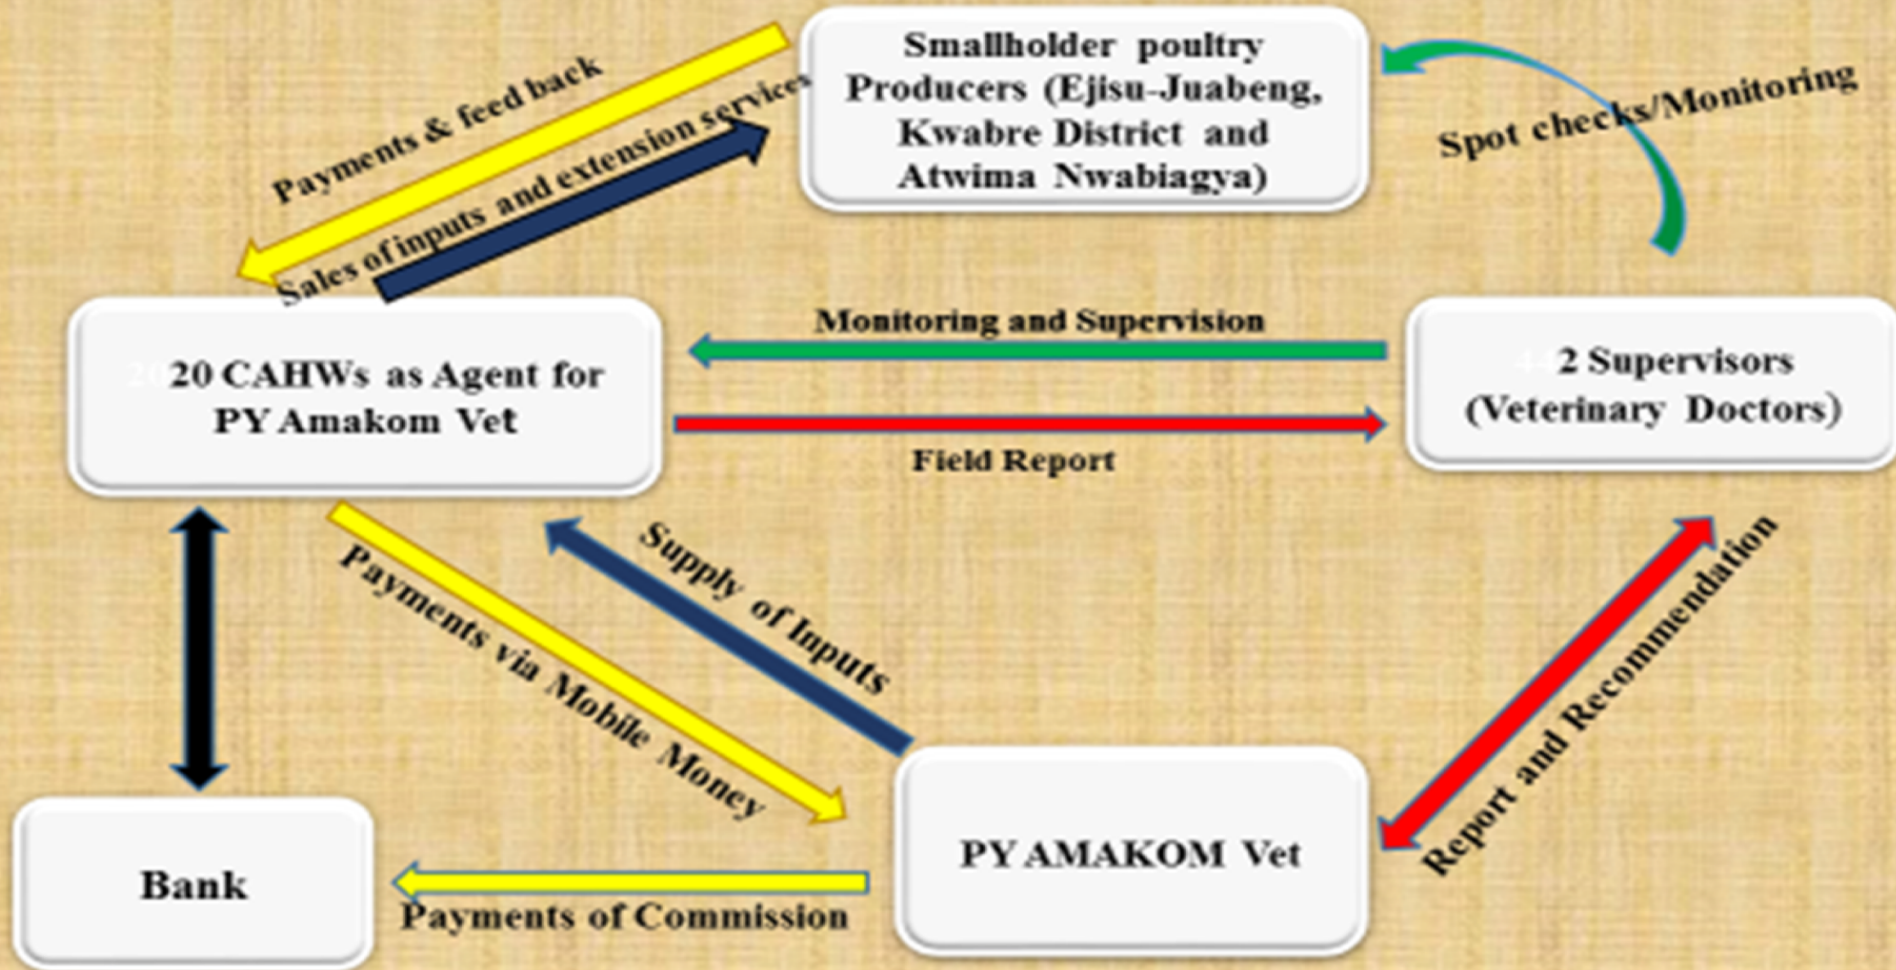

Business Profile

- ▶ *PY Amakom Vet was established in 1999 has been involved in the importation and sales of veterinary vaccines, biologicals and provision of veterinary consultancy services to poultry farmers since 2000*
- ▶ *The company organizes seminars and workshops for farmers periodically and operates a diagnostic unit where post mortems and lab investigations are done*

Business Solution Model

Impact of interventions

- ▶ *GPP, though the grant helped P. Y. Amakom in the management of the company in terms of Record keeping, MIS to manage the inventory of the CAHWS through the assistance P. Y. Amakom has a robust financial system working*
- ▶ *Through the training, 2 vet doctors, CAHWS and smallholders farmers have been enlightened in biosecurity and sanitation, records keeping and marketing which when applied will enhance the performance*
- ▶ *P. Y. Amakom through the business model has been able to extend its services beyond kumasi through the 2 vets and CAHWS*

Way Forward

- ▶ Monitoring and shot checks on the CAHWS and the smallholder farmers by the two employed vets
- ▶ Refresher courses / seminars for the selected CAHWS to enhance their performance
- ▶ There will be a need to robe in more CAHWS into the business model
- ▶ Finally I would want to end by expressing my sincere gratitude to GPP for the immense support
